- Responsible for the maintenance and equipment readiness of all power systems for the effective deployment of USMC resources
- Responsible for the coordination of troops and millions of dollars' worth of government equipment.

Equipment Familiarity

- All Microsoft applications, including Teams, Excel, Outlook, and PowerPoint
- SCADA (Supervisory Control and Data Acquisition) Emerson/Ovation DCS/Open Enterprise/ Fieldbus.
- RTU's (Remote Telemetry Unit) and PLC's – Bristol Babcock Control Wave Micro, Express, and PAC, EZ-PLC's.
- Transmitters – Bristol Babcock, Foxboro, Invensys, Rosemount, Endress & Hauser, Moore Industries, Mercury Instruments, and others.
- Serial communications, 4-20mA, 1 to 5V, and HART (Highway Addressable Remote Transducer)
- Pressure controllers – VRG's, Bristol 624 controllers, Fisher Wizards, manual set regulators, and pilots. Routinely work with various models of Mooney, Grove, Singer, and Fisher regulators.
- Pumps – NJEX odorizing pumps and systems, Milton Roy, Welker
- Variable Frequency Drives – Yaskawa V-1000, GPD, EMS
- Boiler controls – Honeywell burner controls, level controllers, flame rate controllers, and overpressure safety devices.
- Meters – Turbine meters (Equimeter, Invensys, Sensus), ultrasonic meters (Daniels, Elster), orifice measurement, Micromotion liquid meters, Coriolis meters.
- Motorized valves and valve operators – Limitorque, Becker actuators, Shafer operator
- Other equipment – natural gas chromatographs (Daniels, ABB), propane vaporizers, large air compressor controls and instrumentation, safety equipment including CGPs (combustible gas indicators), oxygen monitors, and CO detectors, backup generators (Dayton, Generac, Honeywell), Surge Arrestors, Intrinsic Safety Barriers, Opto-Isolators, and various methods of field equipment protection.

Education

B.A. Business/ Liberal Arts, *Thomas More College, 2018 - Present*

A.S. Power Systems Engineering/Smart Grid, *Cincinnati State Tech College, 2013*

FAA Part 107 SUAS/Drone Pilot | *Flamingo AIR, 2017*

Obtained FAA Part 107 Small Unmanned Aircraft pilot's license.

Logistics Captains Career Course/Logistics Officer | *Army Sustainment University, 2025*

Army & Suicide Intervention Instructor Course/Suicide Intervention Officer | *Army Sustainment University, 2025*

Lean Specialist Certification | *AIGPE, 2022*

Commercial Driver's License (CDL) | *2025*

Six Sigma White Belt Certification | *AIGPE, 2022*
